

ROOM THERMOSTATS, WITH FIXED AND ADJUSTABLE DIFFERENTIAL, IP65

DBET

FUNCTION

Room temperature control in:

- single or multi-stage heating systems;
- single or multi-stage cooling systems;
- single or two-stage heating and cooling systems.

Models with setpoint adjustment by knob on or under the cover and range calibration.

APPLICATIONS

Well-suited for heating, cooling and air conditioning systems in dusty, damp and strong polluted areas: industrial areas, commercial buildings, storage room, garages, machine rooms, factories, greenhouses and agricultural installations.
